"Something Wicked This Way Done!"

-James Driskill

Never never never will I just give up and play dead -- but I will die first before I allow any single misplaced trust to replace outright deceptions that are not validated as truthful. Defaults to not truthful!

This one is high on the mark as being something odd that has not found itself to a normalized resolve -- typically unheard of -- but for me, each and every single passing event is not the exception to the rule, but is indeed the written rule book of distasteful disorientation distraction of outright harm, intentional harm instead of healing high regard under your HIPPOCRATIC OATH to do no harm -- to be proven [self-evident] violated and betrayed!

THIS IS AN INTENTIONAL HARM BEING WAGED AGAINST ME AND THE COUNTLESS OTHERS IN OUR SOCIETY ARE INDEED TARGETED INDIVIDUALS OF GANG STALKING!

This comment should not be marked as spam. There is and only shall be the assertion of the truth here.

My mother set up an appointment for me with an HIV DOCTOR at the Inland Valley Infectious disease clinic in Pomona for June 9th 2022 at 9:30am through my insurance group PROSPECT MEDICAL GROUP and my REFERRAL FROM PRIMARY CARE PROVIDER, Doctor Richard Kangah.

Something seems odd, that today [June 3rd, 2022] I received the already done transacted and

doctor denied provider care of Doctor Karen Guiang DU I NPI# 18/1/3/344] 935 W FOU I HILL BLVD CLAREMONT, CA 91711-3304 who happens to be a CO-STAFF with DISASTROUS and DASTARDLY DONE WITH INTENTIONAL MALICE of TREATMENT CONSIDERATIONS by Doctor Sohanjeet Singh Bassi MD.

When When and Where Where and more importantly HOW HOW HOW will you all doctors SHAPE UP or SHIP OUT -- for if I do indeed have to consult and establish a retainer with an actual legal counselor, this is going to be DOWNRIGHT UGLY for I am settling no less than a complete revocation and termination of such irresponsible doctors [more than 10] licenses permanently -- not a time period suspension -- What is being done here is intentional and as far as an overall coverage of allowances, such harms are not covered by a "ERRORS and OMISSIONS" waiver policy of business insurance -- that is a fact -- these actions against me are intentional and have been sustained long imperatives that can not continue in the forevermore cruel silence of secretive coverups.

I WILL NOT COMPROMISE THESE PRINCIPLES OF WISDOM WISE HONEST GUIDANCE OF RIGHTS OVER YOUR WRONGS!

I WILL DIE FIRST!

The NPI ASSIGNMENT SYSTEM was ESTABLISHED UNDER HIPPA RULES!

What does A stand for in that?

YOU ALL SUCK -- NOT A SINGLE HUMAN PERSON OR A SINGLE HEALTHCARE FACILITY HAS AN NPI RECORD OUT OF DATE NOT UPDATED WITHIN AT LEAST THE LAST 24 MONTHS BEFORE CROSSING INTO MY PATH!

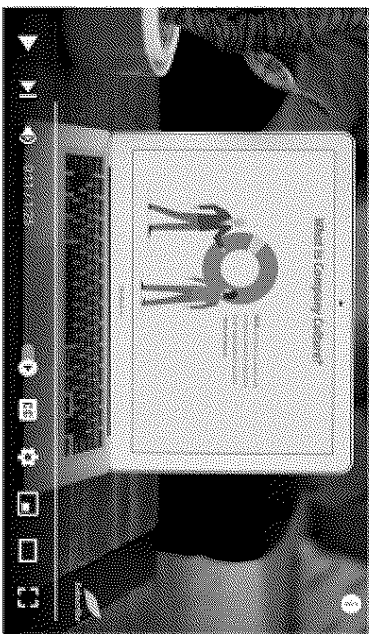

THERE CAN NOT BE A SINGLE PERSON FASHIONABLY LATE -- THERE IS NO FASHIONING OF A DEATH OVER LIFE AGENDA AS IT APPLIES TO THE SKEW OF TECHNOLOGY- ENABLED DEATH MARCH OF A VERY OBVIOUS AND VISIBLE MALICE SCHEME TO BE ACTIVE IN DIGITAL PRESENCES AND MINDSET BEHAVIORS AND REACTIVE CHOICES YOU ALL IMPOSE AGAINST ME!

#BigMankillingTechBug -- ABSOLUTE HOLDS -- ABANDON SUCH AGENDAS AND DO YOUR JOB AND DO IT RIGHT FOR A CHANGE EH?

What Are NPI Numbers and Why Are They Important?

A national provider identifier, or NPI number, is a unique 10-digit identification number for covered health care providers in the U.S. Part of HIPAA, or the Health Insurance Portability and Accountability Act of 1996, included Administrative Simplification provisions. In these provisions was a mandate for standard unique identifiers for all health care providers and health plans that are covered by HIPAA. CMS developed the system to assign these unique identifiers.

The National Plan and Provider Enumeration System, part of CMS, provide NPI numbers through its website. CMS also has a search service for all NPI records in its free directory. There are 2 types of NPI numbers: Type 1 is for individual service providers, for example, physicians, physician assistants, dentists, physical therapists, chiropractors and nurse practitioners.

Type 2 is for a business or organization that provides services or health care supplies such as hospitals, nursing homes, group practices, laboratories, pharmacies and home health care agencies.

Once assigned, the provider's NPI remains with the provider even through a location or job changes.

What part of this statement do you think is not understood -- each word is a real word of the English language.

I, a patient and customer of healthcare, DEMAND AN INDECLINABLE DELIVERANCE OF THE TRUTH, THE WHOLE TRUTH, AND NOTHING BUT THE TRUTH.

DEMAND is a real word of the English language.

INDECLINABLE is a real word of the English language.

DELIVERANCE is a real word of the English language.

TRUTH is a real word of the English language.

What part of the ENGLISH language do you not understand?

The
"E" ?

or the
"N" ?

or the
"G" ?

or the
"L" ?

or the
"I" ?

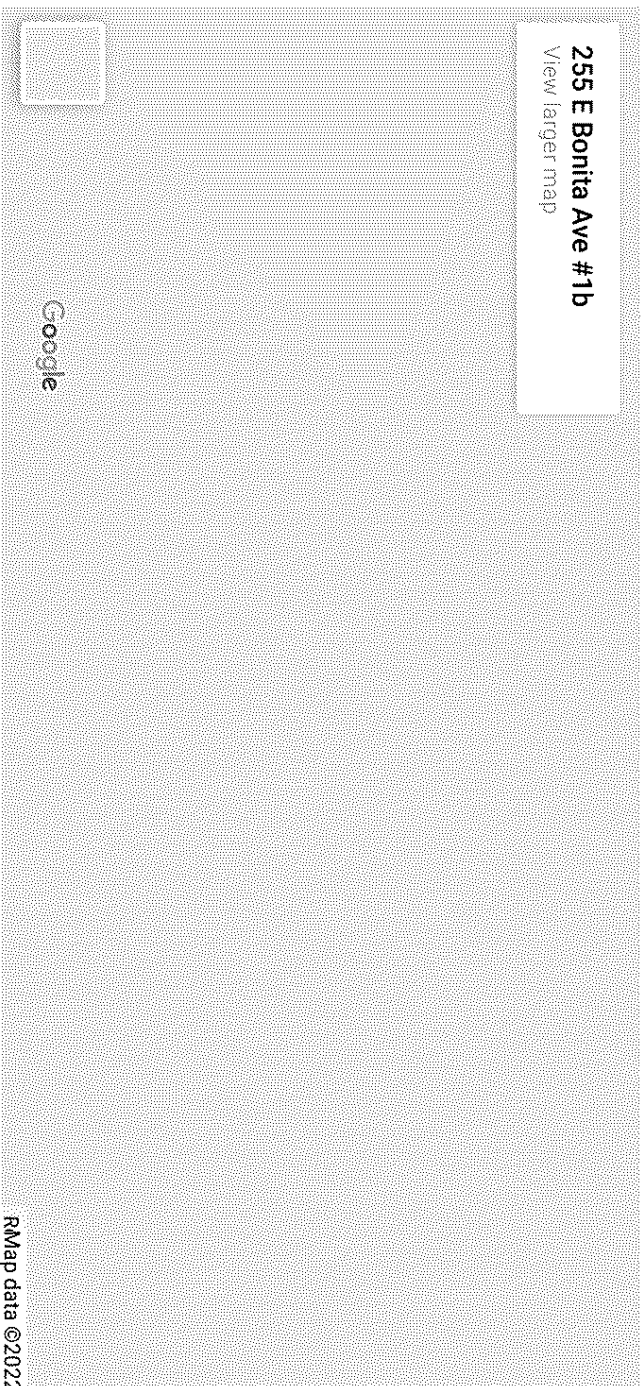

or the

What is a NPI Number? : The National Provider Identifier (NPI) is a unique identification number for covered health care providers. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about healthcare providers, such as the state in which they live or their medical specialty. The NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions. Covered health care providers and all health plans and health care clearinghouses must use the NPIs in the administrative and financial transactions adopted under HIPAA (Health Insurance Portability and Accountability Act).

Where NPI should be used? : The NPI must be used in place of legacy provider identifiers, such as a Unique Provider Identification Number (UPIN), Online Survey Certification & Reporting (OSCAR) and National Supplier Clearinghouse (NSC) in HIPAA standard transactions. There are two categories of health care providers for NPI enumeration purposes. Entity Type 1 providers are individual providers who render health care (e.g., physicians, dentists, nurses). Sole proprietors and sole proprietorships are Entity Type 1 (Individual) providers. Organization health care providers (e.g., hospitals, home health agencies, ambulance companies) are considered Entity Type 2 (Organization) providers.

Who must obtain NPI? : All health care providers who are HIPAA-covered entities, whether they are individuals (e.g., physicians, nurses, dentists, chiropractors, physical therapists, or pharmacists) or organizations (e.g., hospitals, home health agencies, clinics, nursing homes, residential treatment centers, laboratories, ambulance companies, group practices, Health Maintenance Organizations [HMOs], suppliers of durable medical equipment, pharmacies) must obtain an NPI. The NPI will be

used by HIPAA-covered entities (e.g., health plans, health care clearinghouses, and certain health care providers) to identify health care providers in HIPAA standard transactions. A covered health care provider under HIPAA, is any health care provider who transmits health information in electronic form in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard, even if the health care provider uses a business associate to do so.
